

BATHROOM SOLUTIONS

BATHROOM SOLUTIONS
TO MAKE INSTALLATION EASY

Discover stylish, easy-to-install bathroom accessories designed to deliver beautiful results without the hassle. Croydex offers a wide range of innovative products that make updating any bathroom effortless.

Our collection features forward-thinking solutions such as Flexi-Fix™ wall-mounted accessories, always-level mirrors and cabinets, Flexi-Fix™ toilet seats, Stick'n'Lock™ rods, and much more.

Updating your bathroom with on-trend accessories is a great way to refresh the space, but replacing existing fixtures can often leave behind unwanted marks or holes. Flexi-Fix™ provides a mess-free, stress-free method of securing accessories without damaging décor. Its unique 'X' plate fixing bracket allows you to replace most existing fittings using the same holes, even if they differ in spacing or alignment. The patented design also enables secure installation on uneven walls or glossy tiles using adhesive.

Mirrors and cabinets not only enhance style but also create the illusion of a larger space which is ideal for today's multifunctional bathrooms. Thanks to the easy-install Flexi-Fix™ always-level bracket, many of these products can be fitted by just one person.

Flexi-Fix™ toilet seats eliminate the common problem of loose, shifting seats. Collapsible supports hold the hinges away from the pan for perfect alignment, and once pressure is applied, pads beneath the hinges grip firmly to keep the seat securely in place.

Our Stick'n'Lock™ rods offer another convenient solution. They require no tools, simply press the adhesive pad on to the surface and then lock the bracket in place for a strong, reliable hold.

With a wide variety of styles and designs available, you can find the perfect products to suit your bathroom and install them with minimal effort.

WHY CROYDEX?

- 100 Years of knowledge and success
- Successful long-term supplier of companies both in the UK and internationally
- Keen awareness of market needs and drivers
- Broadest range of bathroom accessories of any UK-based supplier
- Unique patented solutions in key product categories
- Inventive products designed for real world need

OUR JOURNEY

ABOUT CROYDEX

Croydex brand 'New shampoo spray' – the 'Sham-mix' – the first version of a Bath and Shampoo spray that we still sell today!

Rubber swirlits for taps... fix onto your taps to swirl the water around – yes, just like Grandma used to have!

Moved manufacturing sites from Croydon, Surrey to Andover, Hampshire.

Acquired by the London Brick Company. By now Croydex were selling a full range of shower curtains as well as rods, rails and bath mats.

Became privately owned. Creation of the revolutionary Twist 'n' Lock™ range of products.

Launch of Stick 'n' Lock™, easy fixing wall mounted accessories combining screw fix and adhesive pad technology.

Croydex launch Sit Tight™, the 'Double-Fixed' toilet seat, designed to prevent seat movement.

Croydex embark on a re-brand of its packaging, introducing a new logo and brand identity.

Croydex celebrate their Centenary Year!

Croydex launches a range of easy to install bathroom cabinets with a simple levelling system

New Croydon Rubber Company founded by Thomas Greenfield. Specialities included rubber squeegees, hot water bottles and tap washers.

Shower bath curtains – "Hemmed all round and complete with chromium plated eyelets at top".

First colour photographs used in Croydex catalogues.

Company renamed as Croydex; a brand name in use since 1923. The logo has changed many times over the years but is still recognised around the country.

Acquired by the Hanson Group of Companies. Croydex working in partnership with Coloroll to match shower curtains to wallpaper.

Expansion of wall mounted accessory ranges to give a comprehensive category of styles and designs.

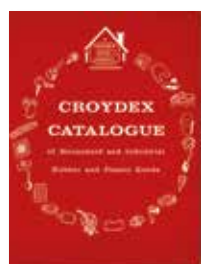

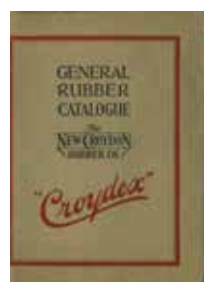

Launch of Flexi-Fix™. A unique fixing system that will revolutionise the bathroom accessories market.

Acquired by Norcros plc. Croydex expands its range with two new collections of Flexi-Fix™ wireware for easy fixing bathroom storage. Croydex expands its range of Hang 'n' Lock™ cabinets and mirrors, with the majority of these products now including this patented system. Launch of rust free wireware with a minimum 5 year guarantee.

Croydex launch Flexi-Fix™ toilet seats, which always fit and never slip.

Launch of Stick 'n' Lock™ premium telescopic rods. This non slip rod requires no tools for easy installation.

Launch of the Toilet Seat Selector web based app.

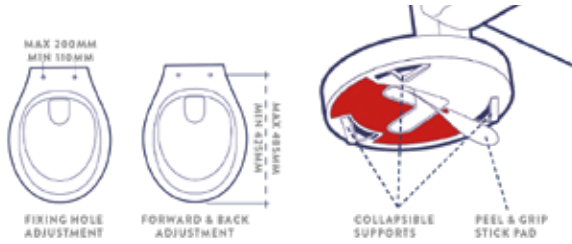

ALWAYS FITS NEVER SLIPS

The wide range of adjustability ensures the hinges will always align with the holes in your toilet pan and the seat can also be installed from above or below the pan so it "always fits".

Collapsible supports hold the hinges off the toilet pan while you align the seat. Once pressure is applied, the adhesive pads beneath the hinges grip the toilet pan so it "never slips".

PEEL

Peel off the protective film from the grip pad.

FIX

Position the seat, press the hinges in place and tighten bolts for a sturdy no slip installation.

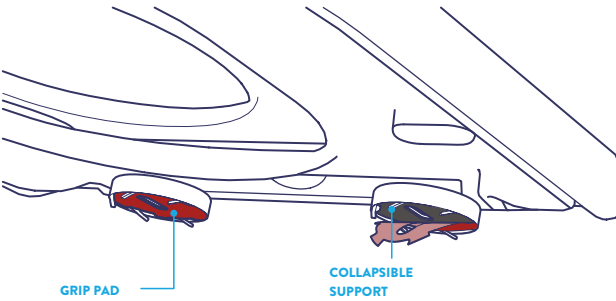

CLIP

Clip the hinge covers in position and you are ready to go, it couldn't be simpler!

NO MORE MOVEMENT

Collapsible supports hold the hinges away from the pan while you align the seat. Once pressure is applied, pads beneath the hinges grip the toilet pan so there is "no more movement".

PEEL

Assemble the hinge with the bolt in place and peel off the protective film from the grip pad.

STICK

Align the hinges to the toilet pan and push hinges in place.

FIT

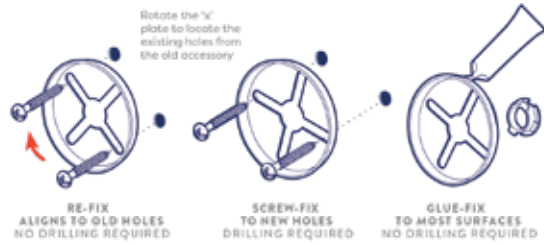

Screw the seat to the toilet pan using the supplied fixings.

THREE WAYS TO FIX

The Flexi-Fix™ range of wall mounted products feature a unique 'X' plate which can either be fitted using existing fixing holes or screwed to new ones.

Alternatively, the patented bracket can be glued to most surfaces, including uneven walls or shiny tiles, eliminating the need for drilling completely. With three ways to fix, there's an option for everyone.

RE-FIX

Use existing holes for new accessories.

SCREW OR GLUE

Apply Flexi-Fix™ adhesive to the 'X' plate.

MOUNT

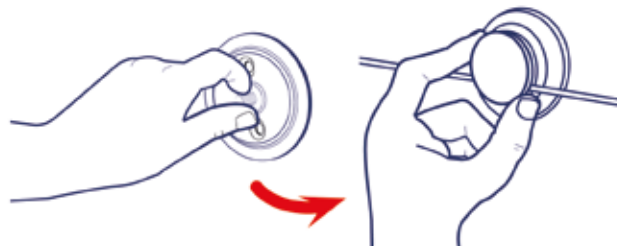

Fix accessory in place.

SIMPLY PEEL AND FIX

The self adhesive fixing plate means no tools or fixings are required, simply stick the fixing plate to a clean stable surface.

Hang your accessory and secure in place using the screw on cover cap, your product is now ready to use.

PEEL

Peel off the protective film from the self adhesive fixing plate.

STICK

Apply the self adhesive fixing plate in your chosen position (ensure it is a clean, stable surface). Leave for 24 hours for adhesive to cure.

MOUNT

Fix accessory in place.

OUR INNOVATION

SINGLE PERSON INSTALLATION

Fixing mirrors and cabinets doesn't have to be a two person job. Croydex's Flexi-Fix™ system avoids the awkwardness of having to struggle to measure distances and mark screw holes in one hand whilst supporting a heavy bathroom item in the other. Bathroom furniture in the Flexi-Fix™ range can be fitted in just four easy steps. Simply attach the brackets to the wall, adjust using the built-in spirit level, hang the product and lock securely in place. *For larger triple door cabinets a single person installation may not be advisable.

FIX

Fix the bracket to the wall and adjust the level.

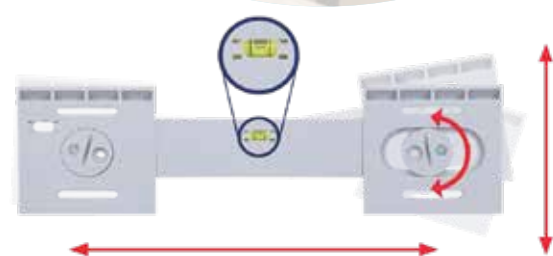

LEVEL

Hang the cabinet onto the bracket.

LOCK

Lock the cabinet securely in place using the locking button

EASY INSTALLATION MIRRORS

The patented Flexi-Fix™ easy installation bracket from Croydex is a simple and safe solution to hang your cabinet or mirror. Flexi-Fix™ provides the flexibility to change the level of your cabinet or mirror after having drilled your holes.

FIX

Attach the bracket to the wall

LEVEL

Adjust the level

HANG

Hang your mirror or cabinet

SECURE

Lock securely in place

UNSCREW

Unscrew your existing shower head from the shower hose and discard old washer. Clean threads on shower hose.

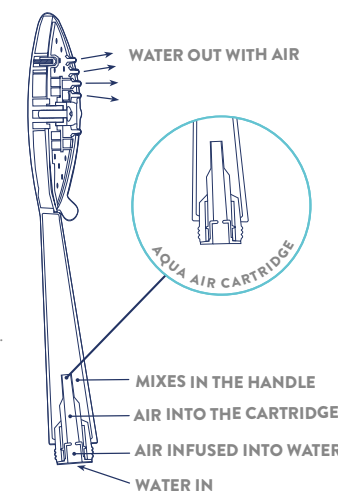

INSERT

Fully insert the Aqua Air™ cartridge and position the washer supplied in the connector of your shower hose. Then attach it to the shower head, do not over-tighten.

CLEAN

To retain best quality finish, clean product regularly with a soft damp cloth. Do not use abrasive or chemical cleaners, as these may damage the product.

SENSATIONAL WATER SAVING

Aqua Air™ products produce a bigger and softer water droplet to enhance and improve your showering sensation and pleasure, whilst also reducing your water consumption without the need for a water saving device.

How Aqua Air™ works is simple – water flowing through the shower head draws in air, which is then mixed with the water. This creates bigger, softer, aerated water droplets within a volumised shower spray, which enhance the showering sensation and provide a high quality showering experience with lower water consumption.

PERFECT FOR LOW PRESSURES

Complete with all the essentials, this contemporary collection takes away the guessing game when it comes to pairing up showering accessories and resolves the problem of low pressure systems. The difference is clear when you compare your current handset with a Presion on the 'Upside Down' test, there is no doubt that a Presion will give your shower the boost it needs.

COMPARISON OF LOW PRESSURE HANDSETS USING THE SIMPLE 'UPSIDE DOWN' TEST

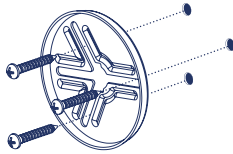

OUR INNOVATION

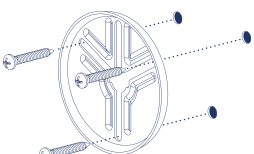

PREMIUM STRAIGHT RODS

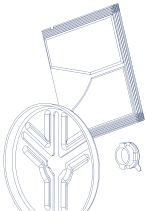

The Flexi-Fix™ rods feature a unique 'Y' plate which can either be fitted using existing fixing holes or screwed to new ones. RECYCLED PRODUCTS

Croydex's recycled range showcases our commitment to sustainability, combining responsibly sourced materials with bright white, contemporary finishes. Each product is manufactured to the highest standard, ensuring durability and performance, while reducing environmental impact. This collection offers stylish, reliable solutions for customers seeking both quality and conscious design.

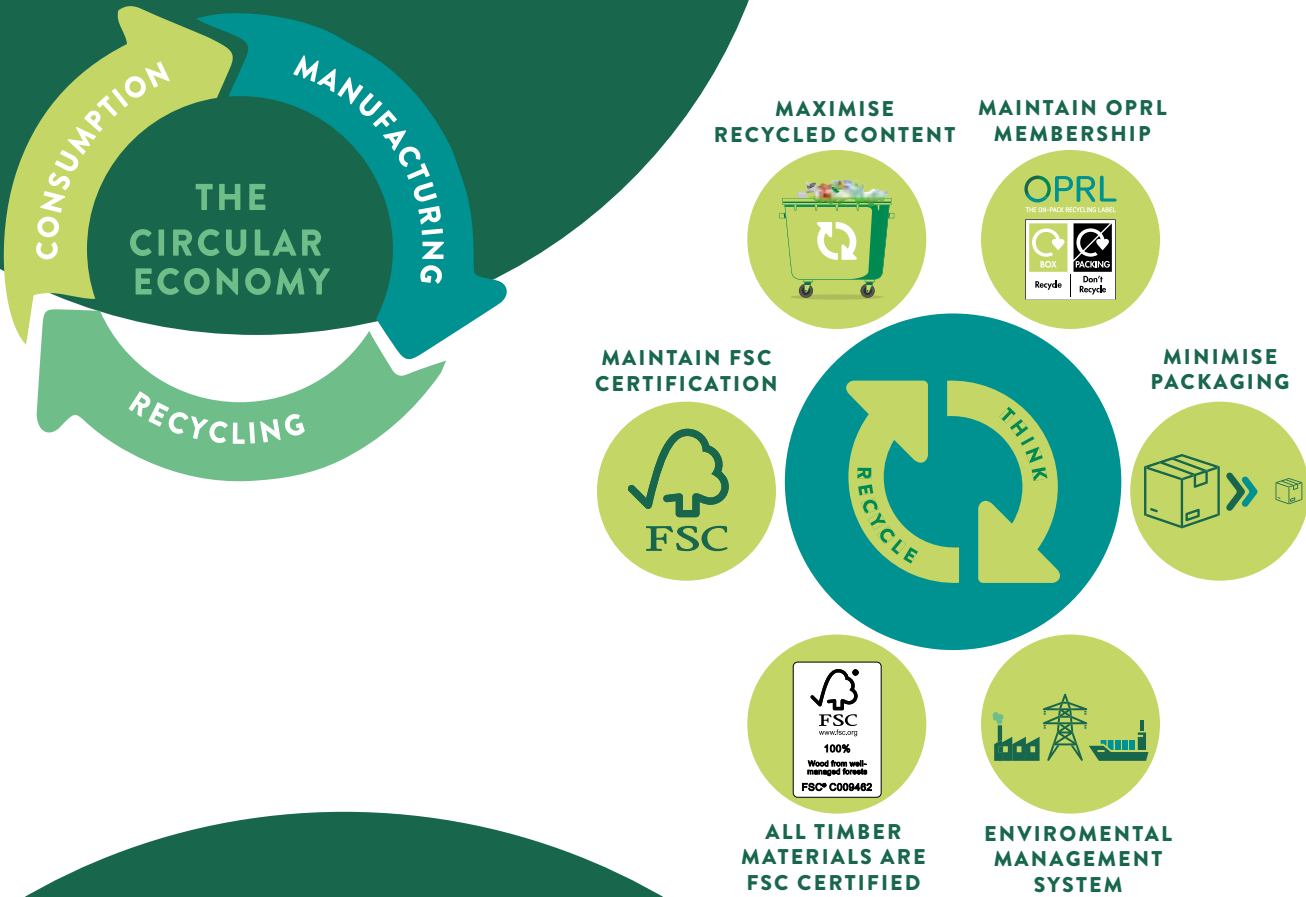

OUR RECYCLED PRODUCTS EXPLAINED

RECYCLED RANGE

SUSTAINABLE SOLUTIONS FOR A BETTER FUTURE.
WHERE INNOVATION MEETS RESPONSIBILITY

At Croydex, we are dedicated to creating a sustainable future by focusing on two critical environmental pillars: Carbon and Packaging.

Carbon counting can be used to measure the carbon footprint of individuals, businesses, and governments. We are committed to minimising our environmental footprint by focusing on sustainable packaging solutions.

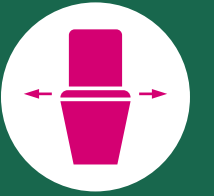

FEATURES KEY

Products marked with these icons include these features.

FLEXI-FIX™

Always fits, never slips toilet seat, designed for easy installation.

STICK 'N' LOCK™

'Simply peel and fix' designed to prevent seat movement

ANTI-BACTERIAL

Anti-bacterial treatment helps reduce the spread of germs and bacteria.

QUICK RELEASE

Allows the seat to be removed easily for cleaning.

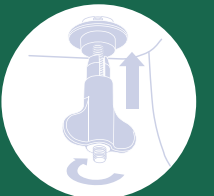

TOP & BOTTOM FIX

Fixings allow you to fix your toilet seat from either above or below for ease of installation.

SOFT CLOSE

Soft close hinges prevent the seat from slamming closed.

EASY FIX

No tools required for fixing.

RODS & RAILS

Manufactured to the highest quality, Croydex rods and rails come in a range of styles and offer several choices to complete the look of your bathroom.

OUR RODS & RAILS EXPLAINED

TELESCOPIC RODS

Simple to fit without the need to screw*, the spring-loaded telescopic tension shower curtain rods allow you to easily fit and remove the product, while adjusting to your desired length and position. With a simple slide and twist action to extend and the unique screw action of the end buffer you can ensure an easy and secure installation.

MODULAR RODS

With four ways to fit, these shower curtain rods are sure to suit any shower. Being extremely versatile they can be fitted in either U-Shaped, L-Shaped, Large L-Shaped or Straight configurations to suit your bathroom requirements. Use as the standard length or cut to size, to suit requirements. Whether you have an awkwardly shaped shower, or are just tired of rails falling, this durable system is perfect for you.

PROFESSIONAL RODS

These heavy duty stainless steel rods are perfect for domestic and commercial applications. Durable, with metal fixing brackets, they provide a sturdy solution for showering.

PROFESSIONAL RAILS

This durable yet lightweight rail system is the perfect option for any shower. Featuring a smooth-running internal hook and glider system and supplied with twelve hooks for one shower curtain, these rails are available in a range of sizes and configurations. With some options including ceiling supports, this robust design and contemporary finish is sure to suit any bathroom.

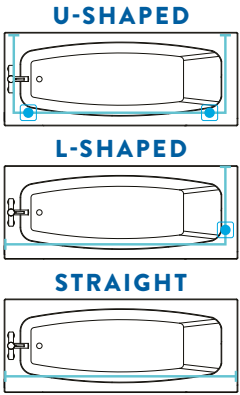

*Excluding L-shaped rods

MADE TO MEASURE RAILS

Select from our range of made-to-measure rails and rail accessories to create a bespoke rail for your bathroom. Simply choose either the Profile 400 or 800 colour options, pick your configuration, provide the required measurements and let us do the rest. Rails are supplied with twelve hooks and gliders for one shower curtain.

SHOWER CURTAINS

Keeping your bathroom looking fresh and clean while also adding a touch of character is easy with Croydex's range of shower curtains. Croydex is a leading supplier in the UK and provides a range of designs, all made to the highest quality.

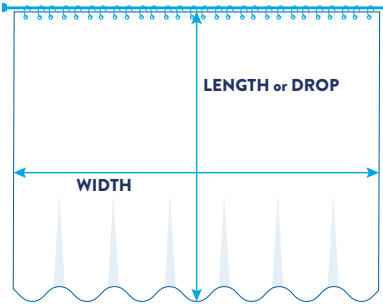

OUR SHOWER CURTAINS EXPLAINED

Our comprehensive range of shower curtains includes products made from a variety of materials. As well as offering a selection of style choices, the chosen material can also affect how a curtain performs and how it should be cared for. Below are some points for consideration that will help you choose the perfect curtain for your bathroom.

VINYL SHOWER CURTAINS

Vinyl shower curtains are 100% waterproof. The sides and bottom of all our vinyl curtains are cut rather than sewn and the eyelets are welded. These curtains can be wiped clean with a damp cloth and hung out to dry. They cannot be machine washed, dry-cleaned, tumble dried or ironed. Our range of vinyl curtains are made from PEVA (Polyethylene Vinyl Acetate). PEVA is a fully waterproof material which is both soft and strong. Designs featuring a clear background are generally printed on a PEVA base sheet as this effect can easily be achieved using this material.

SHOWER CURTAINS DIMENSIONS

TEXTILE SHOWER CURTAINS

Textile shower curtains are water repellent. The 100% polyester fabric is made water repellent by the addition of an acrylic coating that we call Proseal®. The sides, top and bottom of our textile curtains are neatly hemmed and the bottom hem includes a lead-free, non-toxic weight to ensure that the curtain hangs straight and does not cling to the user when wet. The eyelets are reinforced with a corrosion-resistant metal to give a smart finish. All textile curtains can be machine washed at 40°C and pressed with a cool iron.

PLAIN AND PATTERNED FABRIC

With their water repellent Proseal® coating, all plain and printed shower curtains from Croydex are 100% polyester and create an effective water repellent barrier in the bath or shower. A made-to-measure service is available on selected plain curtains providing a variety of sizes made to order. *Made to measure textile curtains may use welded eyelets instead of metal eyelets.

HOOK ‘N’ HANG

Our hookless shower curtains are made from 100% polyester fabric and come complete with twelve heavy duty split plastic eyelets for fast and easy installation, so there is no need to buy separate shower curtain hooks.

Steven Brown

Croydex has teamed up with the world renowned Scottish artist Steven Brown to create stunning designs. Offering the most popular designs created by Steven, these contemporary prints add a unique design statement to your home. For the ultimate co-ordination in your bathroom there are also eye-catching toilet seats available in each design.

The Steven Brown shower curtains prove that shower accessories can add style and colour to an otherwise bland bathroom. The anti-microbial treated curtains are easy to clean and machine washable making it easier to keep your shower hygienic. Ready to hang with corrosion resistant metal eyelets, these curtains offer a simple and quick way to update your bathroom décor.

PRODUCTS MARKED WITH THESE ICONS INCLUDE THIS FEATURE.

Anti-microbial treatment prevents the growth of bacteria, fungi, mould, mildew and algae on the product, including E-Coli, Listeria, Salmonella, MRSA and Aspergillus niger (black mould). Protects the product against odours, staining and other degradation, and reduces the risk of cross-contamination. In most cases the anti-microbial treatment is also effective against viruses, including coronavirus. The anti-microbial treatment is permanently added to the product during manufacture and is effective for the whole life of the product. Products carrying the Hygiene ‘n’ Clean logo are fresher, safer and more hygienic than similar untreated products.

All textile shower curtains can be machine washed at 40°C and pressed with a cool iron.

SHOWERING

Croydex's extensive collection includes everything from overhead showers to adjustable wall brackets and boasts both attractive styling and reliability. So why not choose from this impressive selection of products to refresh and rejuvenate your bathroom.

OUR SHOWERS EXPLAINED

AQUA AIR™ SHOWERS - SENSATIONAL WATER SAVING
Aqua Air™ products produce a bigger and softer water droplet to enhance and improve your showering sensation and pleasure, whilst also reducing your water consumption without the need for a water saving device. How Aqua Air™ works is simple – water flowing through the shower head draws in air, which is then mixed with the water. This creates bigger, softer, aerated water droplets within a volumised shower spray, which enhance the showering sensation and provide a high quality showering experience with lower water consumption.

ECO FUNCTION
Supplied with an optional water saving device that reduces water usage by up to 50%.

SHOWER SPRAY PATTERNS

WHAT IS THE UNIFIED WATER LABEL?

The Unified Water Label enables customers across the UK and Europe to easily compare the amount of water different products use and make informed decisions that will save them water and money. Major DIY retailers, builders and plumbers' merchants and manufacturers of bathroom products are committed to using the Water Label for all bathroom fittings. Thousands of bathroom products are registered with the Unified Water Label. Once registered, products are given a Water Label rating based on the manufacturers' product information. You can look online to search for products already registered with the Unified Water Label at: www.uwla.eu and click on 'Find a Product'.

HOW THE LABEL WORKS

The Unified Water Label shows the amount of water the product uses. Products are grouped into colour-coded performance bands depending on how much water they use. The smaller the arrow, the more efficient the product, with green being the most efficient. Your customers will be familiar with the style of the labelling as it's similar to energy labelling used on white goods (like fridges and washing machines) and electronic products.

SHOWER HEAD AND SETS - PERFECT FOR LOW PRESSURE SYSTEMS

Complete with all the essentials, this contemporary collection takes away the guessing game when it comes to pairing up showering accessories and resolves the problem of low pressure systems. The difference is clear when you compare your current handset with a Presion on the 'Upside Down' test, there is no doubt that a Presion will give your shower the boost it needs.

Standard low pressure non-boosted shower spray

Presion low pressure boosted shower spray

RE-FIX
Align to old holes, no drilling required

SCREW-FIX
To new holes, drilling required

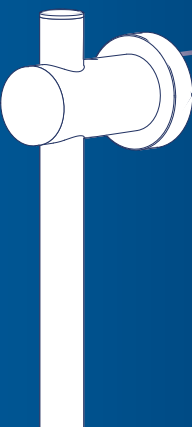

GLUE-FIX
To most surfaces, no drilling required

FLEXI-FIX™ SHOWER ACCESSORIES - THREE WAYS TO FIX*, YOU CHOOSE HOW:

The Flexi-Fix™ range of wall mounted products feature a unique 'X' plate which can either be fitted using existing fixing holes or screwed to new ones. Alternatively, the patented bracket can be glued to most surfaces, including uneven walls or shiny tiles, eliminating the need for drilling completely. With three ways to fix, there's an option for everyone.

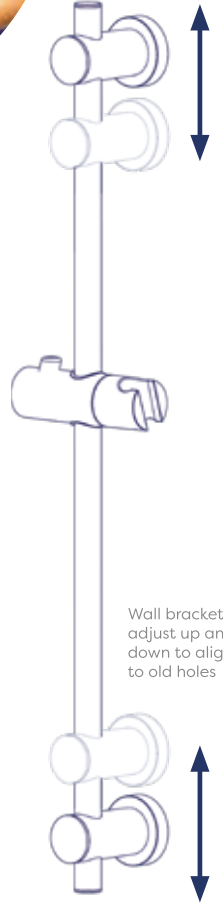

STEP 1
ADJUSTABLE
WALL BRACKETS

STEP 2
EASY FIX
UNIQUE 'X' PLATE

Brackets attach to the easy fix 'X' plate

VARI-FIT

The products marked with the Vari-Fit logo are supplied with a flexible mounting system which allows existing screw holes to be re-used, so additional screw holes do not have to be drilled.

BATH MATS

Our attention to detail, the use of the highest quality materials and manufacturing techniques has made Croydex one of the UK's leading suppliers of in-bath mats, textile out of bath mats and pillows.

OUR BATH MATS EXPLAINED

HYGIENE ‘N’ CLEAN

Hygiene ‘n’ Clean is an anti-microbial treatment that is incorporated into certain in-bath mats and pillows at the time of manufacture. This treatment is safe for people, pets and the environment and is effective for the life of the product.

Hygiene ‘n’ Clean reduces the development of bacteria, fungi and other micro-organisms, which can degrade products and generate unpleasant odours.

Hygiene ‘n’ Clean also helps to protect against a range of pathogens including E-Coli, Listeria, MRSA and Salmonella, to name but a few!

By reducing bacterial growth on products that have high levels of consumer contact, the chance of cross contamination is greatly reduced, whilst hygiene levels are increased.

PRODUCTS MARKED WITH THESE ICONS INCLUDE THIS FEATURE.

Anti-microbial treatment prevents the growth of bacteria, fungi, mould, mildew and algae on the product, including E-Coli, Listeria, Salmonella, MRSA and Aspergillus niger (black mould). Protects the product against odours, staining and other degradation, and reduces the risk of cross-contamination. In most cases the anti-microbial treatment is also effective against viruses, including coronavirus. The anti-microbial treatment is permanently added to the product during manufacture and is effective for the whole life of the product. Products carrying the Hygiene ‘n’ Clean logo are fresher, safer and more hygienic than similar untreated products.

All bath and shower mats supplied by Croydex have been independently tested and exceed the performance levels for slip-resistant bath and shower mats required by **BS 8445: 2012**.

This product is machine washable. To keep the product as good as new please follow the washing instructions.

This product is hand washable.

TOILET SEATS

Hygiene is just as important as appearance for Croydex which is why our range of antibacterial toilet seats are sure to make your bathroom a safer place. With a range of colours and finishes available there's something for every bathroom.

OUR TOILET SEATS EXPLAINED

THERMOPLASTIC (POLYPROPYLENE)

An injection moulded material, generally polypropylene. Warm to the touch, flexible, easy to clean, high gloss finish. Resistant to chemicals. Shatter resistant at normal temperatures. All polypropylene seats also include a UV stabiliser to prevent discolouration from the sun. Some seats also have an anti-bacterial material that is added into the plastic compound before moulding.

THERMOSET PLASTIC (UREA)

A plastic material, generally UREA that is moulded under high pressure compression conditions. A hard material with scratch resistant properties it is durable and rigid. Resistant to chemicals UREA has a high degree of natural Anti-microbial properties. Some seats also have an anti-bacterial treatment added to the surface coating.

MOULDED WOOD

A high density heavy material formed from small wood particles similar to flour in constituency. This material is bonded with resins and compression moulded under high pressure conditions to give a strong and stable product. Finishes are either painted or foil wrapped with a PVC foil to represent wooden and stone finishes. All wooden materials are FSC certified. Some seats also have an anti-bacterial treatment added to the surface coating.

SOLID WOOD

Made from pieces of real solid wood with the grains in different directions to give added strength and reduce distortion. These seats have the warmth of real wood in a range of finishes and are FSC certified. Some seats also have an anti-bacterial treatment added to the surface coating.

THE SHAPES OF OUR TOILET SEATS

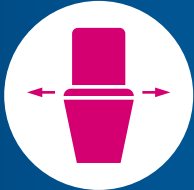

FEATURES KEY

Products marked with these icons include these features.

FLEXI-FIX™

Always fits, never slips toilet seat, designed for easy installation.

STICK 'N' LOCK™

'Simply peel and fix' designed to prevent seat movement

ANTI-BACTERIAL

Anti-bacterial treatment helps reduce the spread of germs and bacteria.

QUICK RELEASE

Allows the seat to be removed easily for cleaning.

TOP & BOTTOM FIX

Fixings allow you to fix your toilet seat from either above or below for ease of installation.

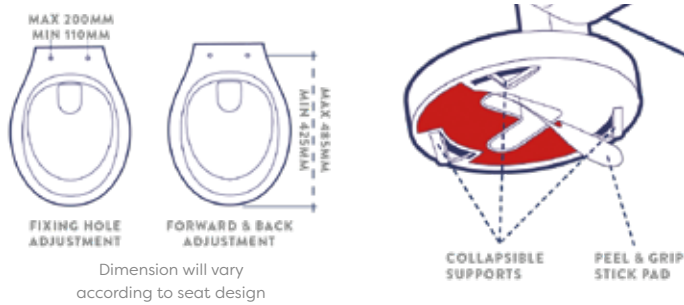

SOFT CLOSE

Soft close hinges prevent the seat from slamming closed.

EASY FIX

No tools required for fixing.

STICK 'N' LOCK™ HINGE

Using the same VHB technology as the Flexi-Fix™ hinge, Stick'n'Lock™ hinges fit toilets that comply with the European and British standards. VHB technology ensures the seat stays fixed in position.

PEEL

Assemble the hinge with the bolt in place and peel off the protective film from the grip pad.

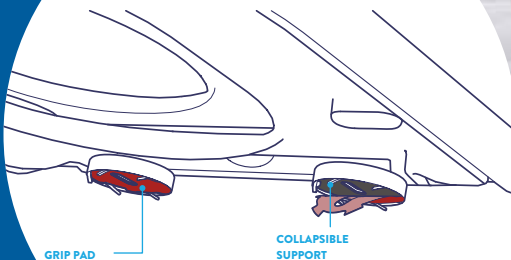

ALIGN

Align the toilet seat to the toilet pan and push the hinges down into place.

STICK 'N' LOCK™

Screw the seat to the toilet pan using the supplied tool.

EASY INSTALLATION

The wide range of adjustability ensures the hinges will always align with the holes in your wc pan and the seat can also be installed from above or below the pan so it "always fits".

PEEL

Peel off the protective film from the grip pad.

FIX

Align the seat with the pan, press the hinges in place and tighten bolts for a sturdy no slip installation.

CLIP

Clip the hinge covers in position and you are ready to go, it couldn't be simpler!

WALL MOUNTED ACCESSORIES

Wall mounted accessories are essential for keeping your bathroom clutter free. Our stylish range offers a variety of fixing methods and some products can even be installed without drilling through tiles.

OUR WALL MOUNTED ACCESSORIES EXPLAINED

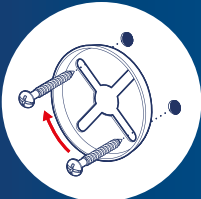

FLEXI-FIX™

- Durable chrome plated mild steel
- Fixing brackets slide to adjust to the fixing centres if replacing old baskets
- All fixings included

FLEXI-FIX™ WALL MOUNTED ACCESSORIES

The Flexi-Fix™ range of wall mounted products feature a unique 'X' plate which can either be fitted using existing fixing holes or screwed to new ones. Alternatively, the patented bracket can be glued to most surfaces, including uneven walls or shiny tiles, eliminating the need for drilling completely. With three ways to fix, there's an option for everyone.

RE-FIX

Aligns to old holes

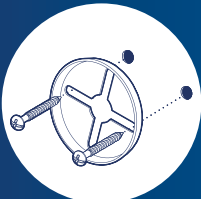

Remove old accessory

Use existing holes for new accessories

Fix new accessory in place

SCREW-FIX

To new holes

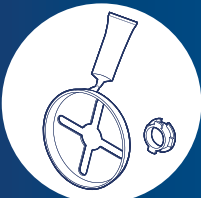

Drill new holes - no need for accurate drilling

Screw 'X' plate to the wall

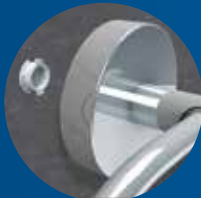

Fix new accessory in place

GLUE-FIX

To most surfaces

Position the alignment guide in desired location

Apply Flexi-Fix™ adhesive to the 'X' plate. Leave to cure for 4 hours before use

Fix new accessory in place.

SCREW TO WALL STORAGE

MILD STEEL STORAGE

- Provides valuable additional storage space
- Durable chrome plated mild steel
- All fixings included
- Incorporating a special treatment, the rust free wire-ware products are suitable for use within any area of the bathroom and all come with a limited five year guarantee against corrosion*.

*Please see www.croydex.co.uk/terms-and-conditions for more details on the rust free five year guarantee.

STAINLESS STEEL STORAGE

- Provides valuable additional storage space
- Durable chrome plated corrosion-resistant stainless steel
- Suitable for use within the 'wet' shower area
- All fixings included
- Incorporating a high quality chrome finish on stainless steel, the rust free wire-ware products are suitable for use within any area of the bathroom and all come with a limited ten year guarantee against corrosion.**

**Please see www.croydex.co.uk/terms-and-conditions for more details on the rust free ten year guarantee.

SLIMLINE ALUMINIUM STORAGE

- Provides valuable additional storage space
- Chrome plated
- Suitable for use within the 'wet' shower area
- All fixings included
- Incorporating a high quality chrome finish on aluminium, the rust free wire-ware products are suitable for use within any area of the bathroom and all come with a limited lifetime guarantee against corrosion.***

***Please see www.croydex.co.uk/terms-and-conditions for more details on the rust free lifetime guarantee.

ALUMINIUM STORAGE

- Provides valuable additional storage space
- Chrome plated and matt black aluminium construction
- Suitable for use within the 'wet' shower area
- All fixings included

SEMI-PERMANENT ACCESSORIES

Croydex offers the ultimate solution with this range of easy fix bathroom accessories. These products take the hassle out of DIY and provide you with those all important finishing touches.

OUR SEMI-PERMANENT ACCESSORIES EXPLAINED

EASY INSTALLATION

The self adhesive fixing plate means no tools or fixings are required, simply stick the fixing plate to a clean stable surface. Hang your accessory and secure in place using the screw on cover cap. Wait 24 hours before fully loading to ensure the adhesive is fully cured.

- Sticky pad adheres to most flat, finished surfaces. (It is unsuitable for some unfinished materials such as brick, blockwork, loose, flaky and painted surfaces)
- Chrome plated mild steel accessories
- Five year rust free guarantee*
- Easy to remove and clean

PEEL

Ensure the mounting surface is thoroughly clean, dry and free from loose flakey material. Peel off the protective film from the self adhesive fixing plate.

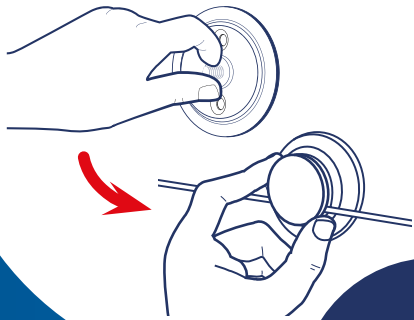

STICK

Position the self adhesive fixing plate in your chosen location, then firmly press into place to activate the adhesive and fit accessory. Wait 24 hours before fully loading to ensure the adhesive is fully cured.

FIX

Hang your accessory on the self adhesive fixing plate and secure in place using the screw on cover cap.

SIMPLY
PEEL & FIX

STRONG
SUCTION
FIX

PRESS 'N' LOCK™

Croydex's Press 'N' Lock™ bathroom accessories, designed for easy, no-drill installation. These wall-mounted accessories feature a strong suction system that ensures a secure fit on smooth surfaces, allowing you to enhance your bathroom without the need for tools.

CLEAN

Select and clean desired area.

POSITION

Position product and press the centre of the suction cup to squeeze out the air.

RELEASE

Pull release tabs for quick removal.

- Suction fix fits to smooth, flat, shiny tiles or glass
- Strong suction cups ensure a firm grip
- Crystal clear plastic
- Easy to remove and clean
- Not suitable for use on textured surfaces

MIRRORS & CABINETS

Mirrors and mirrored cabinets create the feeling of space in any size bathroom, especially where space is at a premium. With a number of designs and styles to choose from, there's a mirror or cabinet to suit any home.

OUR MIRRORS & CABINETS EXPLAINED

EASY INSTALLATION MIRRORS

The patented Flexi-Fix™ easy installation bracket from Croydex is a simple and safe solution to hang your cabinet or mirror. Flexi-Fix™ provides the flexibility to change the level of your cabinet or mirror after having drilled your holes.

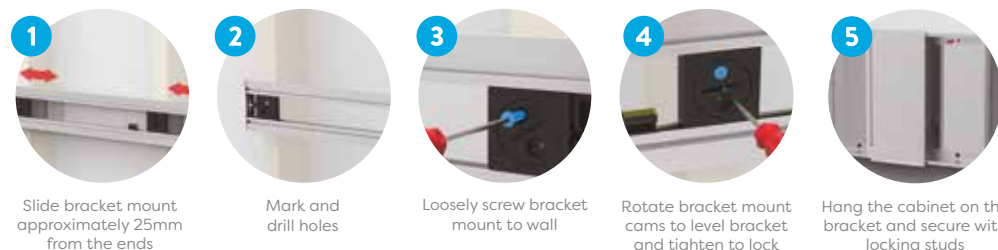

EASY INSTALLATION BRACKET FULLY ADJUSTABLE SINGLE PERSON INSTALL

ALWAYS
LEVEL

HANG 'N' LOCK - CABINETS

HELP 'N' HANG FLEXI-FIX™ 4 STEP CABINET INSTALLATION*

HANG
Position the cabinet and mark the top bracket hole. Drill the hole and plug with the fixings provided. Fit top bracket. Hang the cabinet over the top bracket and tighten locking cap.

LEVEL
Ensure the top of the cabinet is level using a spirit level and mark bottom drill hole.

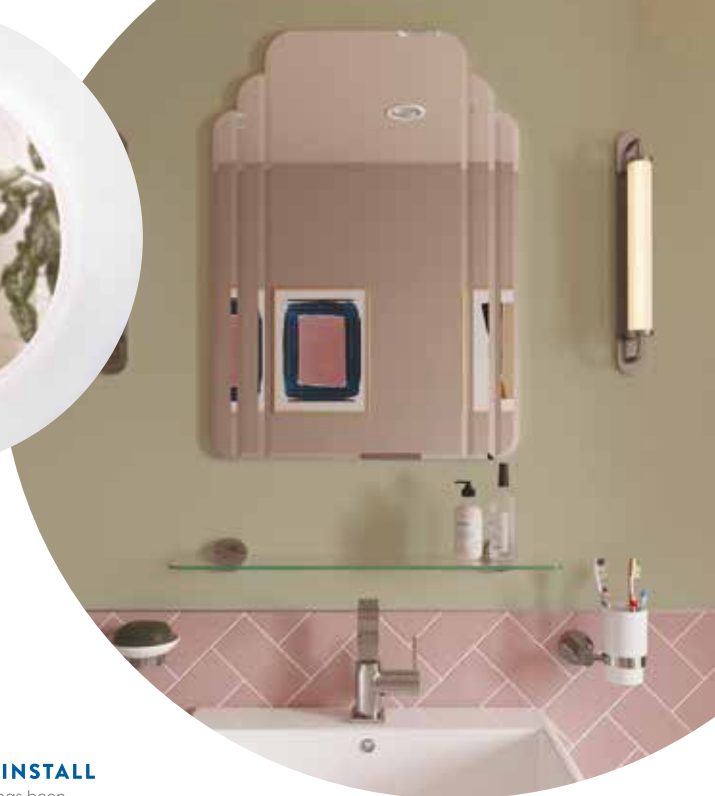

SECURE
Drill the bottom bracket hole and plug with fixings provided. Fit the bottom bracket and tighten the locking cap.

LOCK
Mark, drill and plug the top two corner fixings. Secure the cabinet with the fittings provided.

*Patent Pending

ABOUT CROYDEX MIRRORS & CABINETS

Adding cabinets and mirrors into any bathroom is a great way of emphasising space and light whilst ensuring a stylish focal point. The Croydex collection offers plenty of variety, designed to suit rooms of different shapes and sizes. Look out for these innovative features throughout the collection:

- Brush head diameter 7.5cm

TERMS & CONDITIONS

CROYDEX CONDITIONS OF SALE

These Conditions of Sale are applicable to the United Kingdom	
These Conditions of Sale ("Conditions") govern all sales of goods (including any sales of spares) by Croydex a division of Norcos Group (Holdings) Limited, a company registered in England and Wales and whose registered office is situated at Ladyfield House, Station Road, Wilmslow, Cheshire SK9 1BU ("Croydex"), to you, the Buyer named on the Order. These Conditions shall govern the sale to the exclusion of all other terms or conditions and no conduct by Croydex shall constitute acceptance of any other terms or conditions. No variation of these conditions will bind unless it is made in writing and signed by a director of Croydex.	
1	Basis of Sale
1.1	Croydex shall sell and the Buyer shall purchase the Goods as described in and in accordance with any Order signed by the Buyer, which is accepted by Croydex subject to these Conditions. For the purposes of these Conditions an "Order" shall be a written instruction to supply the Goods, which shall incorporate these Conditions and a "Contract" shall mean the Order and Croydex's acceptance of the Order.
1.2	Any estimates issued to the Buyer by Croydex may be withdrawn or varied at any time and unless otherwise specified shall be automatically withdrawn after 60 days. No binding contract shall in any event arise until the Buyer's signed Order has been accepted by Croydex and confirmed in writing by Croydex's authorised representative.
1.3	For the avoidance of doubt, if there is any conflict between any special terms and conditions agreed between Croydex and the Buyer in relation to the Contract and the terms and conditions set out in these Conditions, the special terms shall prevail.
1.4	Croydex's employees or agents are not authorised to make any representations concerning the Goods unless confirmed by Croydex in writing.
1.5	Any advice or recommendation given by Croydex or its employees or agents to the Buyer or its employees or agents as to the storage, application or use of the Goods which is not confirmed in writing by Croydex is followed or acted upon entirely at the Buyer's own risk, and accordingly, Croydex shall not be liable for any such advice or recommendation which is not so confirmed.
1.6	Any illustrations or descriptive material and other information contained in Croydex's brochures, advertising materials or elsewhere shall not form part of the Contract and shall be treated as approximate and for guidance only unless specifically stated otherwise. Croydex may at its discretion from time to time vary the design of the Goods from that advertised without notice to the Buyer provided that any such variations do not constitute material alterations to the Goods.
1.7	If a sample of the Goods has been supplied, exhibited or inspected by the Buyer, the Buyer acknowledges and agrees that such sample was exhibited and inspected solely to enable the Buyer to assess the general quality of the Goods and nothing in these Conditions shall be deemed to confirm that the Goods will correspond to any such sample. Where dimensions of rubber or plastic Goods are set out in any of Croydex's brochures, advertising materials or elsewhere, the Buyer acknowledges and agrees that where such Goods are extruded or moulded, such dimensions may not be exactly reproduced due to the production processes.
2	Orders and Specifications
2.1	The Buyer shall be responsible to Croydex for ensuring the accuracy of the terms of any Order (including any applicable specification) submitted by the Buyer and for giving Croydex any necessary information relating to the Goods within a sufficient time to enable Croydex to perform the Contract in accordance with its terms.
2.2	The quantity, quality and description of, and/or any specification for, the Goods shall be those set out in the estimate or Order signed by the Buyer and accepted by Croydex.
2.3	No Order which has been accepted by Croydex may be cancelled or varied by the Buyer except with the agreement in writing of Croydex and on terms that the Buyer shall indemnify Croydex in full against all loss (including loss of profit) costs (including the costs of all labour and materials used) damage, charges and expenses incurred by Croydex as a result of cancellation.
3	Price of the Goods
3.1	The price of the Goods shall be Croydex's quoted price or, where no price has been quoted, the price listed in Croydex's price list current at the date of acceptance of the Order.
3.2	Croydex reserves the right by giving notice to the Buyer at any time before delivery, to increase the price of the Goods to reflect any change in delivery dates, quantities or specifications for Goods which is requested by the Buyer, to reflect any uplift in the price of raw materials or such other similar reason or any delay caused by instructions of the Buyer or failure of the Buyer to give Croydex accurate information or instructions.
3.3	Unless otherwise agreed in writing between the Buyer and Croydex all prices are given by Croydex on an ex works basis and where Croydex agrees to deliver the Goods otherwise than at Croydex's premises, the Buyer shall be liable to pay Croydex's charges for transport, packaging and insurance.
3.4	The price is exclusive of any applicable Value Added Tax or any other tax, duty tariff or charge arising in the United Kingdom or elsewhere.

3.5	Where delivery is to take place outside of the United Kingdom the price is exclusive of any import duties, local taxes or other local charges which may be in force from time to time.
4	Payment Terms
4.1	Subject to any special terms in writing between the Buyer and Croydex, Croydex shall be entitled to invoice the Buyer with the price of the Goods (or part thereof) on or at any time after delivery of the Goods, unless the Goods are to be collected by the Buyer or the Buyer wrongfully fails to take delivery of the Goods, in which event Croydex shall be entitled to invoice the Buyer for the price at any time after Croydex has notified the Buyer that the Goods are ready for collection or (as the case may be) Croydex has tendered delivery of the Goods.
4.2	Subject to any special terms in writing between the Buyer and Croydex the Buyer shall pay the price of the Goods not later than 30 days after the date of the invoice relating to the Goods. The time of payment shall be of the essence of the Contract. All payments shall be made in full without deduction in respect of any set-off or counterclaim.
4.3	If the Buyer fails to make any payment on the due date then without prejudice to any other right or remedy available to Croydex, Croydex shall be entitled to:
(a)	cancel the Contract or suspend any further deliveries to the Buyer;
(b)	appropriate any payment made by the Buyer to such of the Goods (or the goods supplied under any other contract between the Buyer and Croydex) as Croydex may think fit (notwithstanding any purported appropriation by the Buyer); and
(c)	charge the Buyer interest (both before and after any judgment) on the amount unpaid, at the rate of 5 per cent per annum over the base rate for the time being of HSBC Bank plc (such interest being deemed to accrue from day to day and being compounded on the last day of each calendar month) until payment is made. For the avoidance of doubt Croydex reserves the right to claim interest under the Late Payment of Commercial Debts (Interest) Act 1998.
4.4	The Buyer shall be solely responsible for any associated bank charges incurred by the Buyer in relation to the purchase of the Goods which for the avoidance of doubt shall include (without limitation) payments made on the basis of a letter of credit or any other similar charges.
5	Delivery
5.1	Delivery of the Goods shall be made by the Buyer collecting the Goods at Croydex's premises at any time after Croydex has notified the Buyer that the Goods are ready for collection or, if some other place for delivery is agreed by Croydex, by Croydex delivering the Goods to that place.
5.2	Croydex shall endeavour to deliver the Goods by the date(s) agreed but such date(s) is/are not guaranteed nor shall the time(s) for delivery be of the essence unless previously agreed by Croydex in writing. The date(s) quoted shall be extended by a reasonable period if there is any delay caused by industrial dispute or by any cause beyond the reasonable control of Croydex. Croydex shall under no circumstances be liable to compensate the Buyer in respect of late delivery.
5.3	Where the Goods are to be delivered in instalments, each delivery shall constitute a separate contract and failure by Croydex to deliver any one or more of the instalments in accordance with these Conditions or any claim by the Buyer in respect of any one or more instalments shall not entitle the Buyer to treat the Contract as a whole as repudiated.
5.4	If the Buyer fails to take delivery of the Goods or fails to give Croydex adequate delivery instructions at the time stated for delivery (otherwise than by reason of any cause beyond the Buyer's reasonable control or due to the fault of Croydex) then without prejudice to any other right or remedy available to Croydex, Croydex may:
(a)	store the Goods until actual delivery and charge the Buyer for the reasonable costs (including insurance) of storage; or
(b)	sell the Goods at the best price readily obtainable and (after deducting all reasonable storage and selling expenses) account to the Buyer for the excess over the price under the Contract or charge the Buyer for any shortfall below the price under the Contract.
6	Risk and Property
6.1	Risk of damage to or loss of the Goods shall pass to the Buyer:
(a)	in the case of the Goods to be delivered at Croydex's premises (by the Buyer collecting the Goods), at the time when Croydex notifies the Buyer that the Goods are available for collection; or
(b)	in the case of Goods to be delivered otherwise than at Croydex premises, at the time of delivery or, if the Buyer wrongfully fails to take delivery of the Goods, the time when Croydex has tendered delivery of the Goods.

CROYDEX CONDITIONS OF SALE

6.2	Notwithstanding delivery and the passing of risk in the Goods, or any other provision of these Conditions, the property in the Goods shall not pass to the Buyer until Croydex has received in cash or cleared funds payment in full of the price of the Goods and all other goods agreed to be sold by Croydex to the Buyer for which payment is then due.
6.3	Until such time as the property in the Goods passes to the Buyer:
(a)	in the case of Goods to be delivered otherwise than at Croydex's premises the Buyer shall hold the Goods as Croydex's fiduciary agent and bailee;
(b)	shall keep the Goods separate from those of the Buyer and third parties and properly stored, protected, insured and identified as Croydex's property but the Buyer shall be entitled to resell or use in the ordinary course of its business; and
(c)	(provided that the Goods are still in existence and have not been resold) Croydex shall be entitled at any time to require the Buyer to deliver up the Goods to Croydex and, if the Buyer fails to do so forthwith, to enter upon any premises of the Buyer or any third party where the Goods are stored and repossess the Goods.
6.4	The Buyer shall not be entitled to pledge or in any way charge by way of security for any indebtedness any of the Goods which remain the property of Croydex, but if the Buyer does so all monies owing by the Buyer to Croydex shall (without prejudice to any other right or remedy of Croydex) forthwith become due and payable.
7	Notification of Claims
7.1	Any claim for non-delivery of any Goods shall be notified in writing by the Buyer to Croydex within 7 days of the date of Croydex's invoice.
7.2	Any claim based on any defect in the quality or condition of the Goods or their failure to correspond with specification shall (whether or not delivery is refused by the Buyer) be notified to Croydex within 3 days from the date of the delivery or (where the defect or failure was not apparent on reasonable inspection) within a reasonable time after discovery of the defect or failure.
7.3	If delivery is not refused, and the Buyer does not notify Croydex of any claim in accordance with the provisions of this clause, the Buyer shall not be entitled to reject the Goods and Croydex shall have no liability for such defects or failure, and the Buyer shall be bound to pay the price as if the Goods had been delivered in accordance with the Contract.
7.4	Where the Goods are defective and the Buyer has notified Croydex in accordance with Clause 7.2 above, such Goods may be returned to Croydex by prior arrangement and the Buyer shall be entitled to avail itself of the remedies set out in Clause 8.
8	Warranties and Liabilities
8.1	Save as otherwise agreed in writing by Croydex from time to time, Croydex does not give to the Buyer any guarantees, conditions or warranties (including in respect of the quality of the Goods or the fitness for their purpose) whether express or implied by statute or common law or otherwise except that this clause shall in no way exclude any warranties, conditions or other terms where the Goods are sold to a person dealing as a consumer (within the meaning of the Unfair Contracts Terms Act 1977).
8.2	Croydex will be under no liability:
(a)	in respect of any default in the Goods arising from any drawing, design or specification supplied by the Buyer;
(b)	in respect of any defect arising from fair wear and tear, wilful damage, negligence, failure to follow Croydex's instructions (whether oral or in writing), misuse, alteration, or repair of the Goods without Croydex's approval;
(c)	under any other warranty, condition or guarantee if the total price for the Goods has not been paid by the due date for payment.
(d)	for any defect arising following the installation of any spare, consumable or other part not purchased from Croydex or any defect following any servicing, modification or other work not carried out by Croydex.
8.3	Subject as expressly provided in these Conditions all warranties, conditions or other terms implied by statute or common law are excluded to the fullest extent permitted by law.
8.4	Where any valid claim in respect of any of the Goods which is based on any defect in the quality or condition of the Goods or their failure to meet specification is notified to Croydex in accordance with these Conditions, Croydex shall, at its sole discretion, replace or repair the Goods (or the part in question) free of charge or refund the price paid for the Goods by the Buyer but Croydex shall have no further liability to the Buyer.
8.5	Except in respect of death or personal injury caused by Croydex's negligence, Croydex shall not be liable to the Buyer by reason of any representation (other than fraudulent misrepresentation) or any implied warranty, condition or other term, or any duty at common law, or under the express terms of the Contract for any consequential loss or damage (whether for loss of profit or otherwise), costs, expenses, or other claim for consequential compensation whatsoever (and whether caused by the negligence of Croydex, its employees or agents or otherwise) which arises out of or in connection with the supply of the Goods or their resale by the Buyer, except as expressly provided in these Conditions.
8.6	The Buyer shall indemnify Croydex and keep Croydex fully indemnified on demand against any loss of or damage to any property or injury to or death of any person caused by any negligent act or omission or

breach of these Conditions by the Buyer, its employees, agents or sub-contractors.	
9	Force Majeure
9.1	Croydex shall not be liable to the Buyer or be deemed to be in breach of the Contract by reason of any delay in performing, or any failure to perform, any of Croydex's obligations in relation to the Goods, if the delay or failure was due to any cause beyond Croydex's reasonable control. Without prejudice to the generality of the foregoing, the following shall be regarded as causes beyond Croydex's reasonable control:
(a)	Act of God, explosion, flood, tempest, fire or accident;
(b)	strikes, lock-outs or other industrial actions or trade disputes (whether involving employees of Croydex or third parties);
(c)	war or threat of war, sabotage, insurrection, civil disturbance or requisition;
(d)	import or export regulations or embargoes;
(e)	difficulties in obtaining raw materials, labour, fuel, parts or machinery;
(f)	power failure or breakdown in machinery.
10	Indemnity and Intellectual Property Right Ownership
10.1	The Buyer acknowledges that all technical data, drawings, reports and any other information of documents whatsoever (the "Croydex Documentation") which Croydex submits to the Buyer in the course of or prior to the execution of this Contract remains the property of Croydex and the copyright and any other intellectual property rights in the Croydex Documentation remains vested at all times in Croydex. The Buyer further agrees that the Croydex Documentation may not be used except in connection with the operation, maintenance and use of the Goods and may not be disclosed to any third parties.
10.2	The Buyer agrees that it will not at any time, without the prior written consent of Croydex, manufacture or have manufactured any goods in imitation of the Goods and it will not at any time dispute or assist any other person to dispute the validity of any intellectual property rights (whether registered or unregistered) in the Goods.
10.3	The Buyer shall indemnify and keep Croydex indemnified against all costs, expenses, damages and demands incurred by Croydex in respect of:
(a)	any alleged infringement of the patents, trade marks, copyright, design or other intellectual property rights used by Croydex at the request of the Buyer;
(b)	any alleged breach or infringement of any statute or regulation concerning the preparation, marketing and distribution of the Goods sold by the Buyer;
(c)	any alleged breach of any statute relation to trade descriptions or weights and measures where Croydex relies or has relied upon information relating thereto or labels provided by the Buyer, and the breach does not arise from the negligence or default of Croydex;
(d)	any claims arising and made under the Consumer Protection Act 1987 and which arise by reason of or in connection with a defect in the Goods or in the end product manufactured and/or supplied by the Buyer in which the Goods are comprised, which defect is attributable either to the compliance by Croydex with the instructions given by the Buyer or to the Buyer's design of the end product.
10.4	The Buyer shall not without the prior written consent of Croydex:
(a)	alter or make any addition to the labelling or packaging of the Goods displaying trade marks of Croydex or other intellectual property rights belonging to Croydex;
(b)	alter, deface or remove in any manner any reference to trade marks of Croydex, any reference to Croydex or any other name attached or affixed to the Goods or their packaging or labelling;
(c)	use any trade marks of Croydex or any other intellectual property rights provided on packaging or labelling of the Goods in any other way other than in respect of onward sales of the Goods;
(d)	use any trade marks or images confusingly similar to the trade marks or intellectual property rights supplied on packaging or labelling on the Goods;
(e)	use trade marks supplied on the Goods' packaging or labelling or any word confusingly similar to any of the same as, or as part of, its corporate or trading name;
(f)	apply for or obtain registration of any of the trade marks used on or supplied on the packaging or labelling of the Goods (or any trade or service mark which comprises of such trade marks or any confusingly similar word or words or logo) for any goods or services in any country;
(g)	do or omit to do anything which may diminish or devalue:
(i)	the reputation, image or prestige of; or
(ii)	Croydex's rights in or to; or
(iii)	impair any registration of any of the trade marks or intellectual property rights used on or supplied with the Goods.
10.5	The Buyer shall promptly give notice in writing to Croydex if it becomes aware that there is any infringement or suspected infringement of the trade marks or other intellectual property rights supplied or used on the packaging or labelling and in instances where the disposal of the Goods infringes the rights of any third party.
