BASINS & WCs

MARSTON

A classically inspired range of sanitaryware, engineered to modern standards with features such as soft close quick release toilet seats, water saving rimless flushing and concealed connections, but taking design cues from a period era.

FEATURES

Wash Basins

The Marston basins are offered in semi-countertop designs, available in slim and standard depths to suit a variety of spaces. Each basin comes with an option for either a single or double tap hole, allowing for compatibility with different tap styles. Like the WCs, the basins also feature elegant inlay detail along the outer edge, echoing the classic look of the Marston collection.

WC Choices

Marston WCs are designed with a classic oval shape and inlay detailing and are available in two configurations: back-to-wall and close-coupled styles, in a semi-comfort height to suit all requirements. Each WC features a rimless design for enhanced hygiene and easy cleaning, with the option for full flush and reduced flush operation (4.5/3L). Choose between a sleek flush button or a more traditional lever flush, each available in chrome and brushed brass finishes.

Soft Close Toilet Seat

Marston WCs can be paired with one of our many traditional moulded wood WC seats, available across all Marston furniture finishes and with the option for chrome or brushed brass hinges. Alternatively, opt for a durable thermoset traditional Secure-Fix WC seat.

Guarantee

We offer a 20 year guarantee with all ceramic items, excluding cistern fittings which have a 5 year guarantee. Our toilet seats also benefit from a 5 year guarantee, with the exception of solid wood seats which come with a 2 year guarantee.

FEATURES

Wash Basins

Lansdown semi-countertop basins offer a classic styling choice for your furniture, available with one or two tap holes to suit your preference of contemporary or classic design.

MIRRORS

MIRROR FEATURES

Discover our collection of mirrors encompassing a wealth of design features to brighten up your bathroom.

Light Temperature Changing Technology

This lets you create the perfect bathroom environment by enabling you to adjust the warmth of your mirror illumination to suit both the task in hand and time of day. Kick-start your day with bright, invigorating daylight. Then choose a natural light to apply make-up and a warm light for sleepy late evening tasks.

Light temperature ranges from 2700K (Warm White) to 6000K (Daylight White). You can also adjust the intensity of the light to be as bright or as dim as you wish.

Steam Free

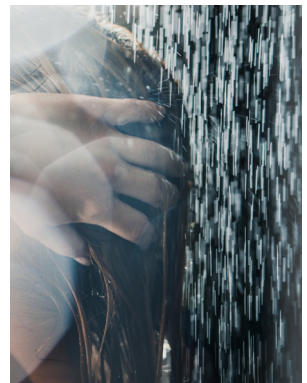

Many of our mirrors feature a heated demister pad to keep your mirror steam-free. You'll really appreciate never having to wipe it down again!

The heated demister pad heats the mirror to a few degrees above room temperature within 2-3 minutes, preventing the mirror from misting in even the steamiest of bathrooms.

Bathroom Safety

Tavistock mirrors have been tested for compliance with electrical equipment safety regulations. Our illuminated mirrors are IP44 rated and suitable for use within the bathroom.

Touch Sensor

Control your lighting with just the touch of a button. Our easy to use touch sensor mirrors allow you to effortlessly switch between lighting modes to create your perfect ambience.

Infrared Switch

Easy to use, an infrared switch allows you to control the mirror with just the wave of your hand, without touching it.

Important: When mounting mirrors with infrared switches, the sensor must be at least 150mm from an adjacent wall or obstruction to ensure the switch can function properly.

See individual details on each mirror for applicable features.

MIRROR COLLECTION

We have a wide selection of mirrors in different shapes, sizes and finishes. Beautifully designed to create your perfect bathroom environment.

Quality & Service

Exceptional service is as integral to our business as outstanding product, design and manufacturing. We invest heavily in product improvement and reserve the right to amend specifications at any time if an opportunity to further improve the product occurs to ensure complete customer satisfaction.

The furniture colours shown in this brochure are representative only and can be affected by a multitude of factors such as lighting and surrounding items. If you are unsure we would recommend obtaining a swatch from our website or your local retailer and testing in the intended bathroom area.

Tavistock furniture is designed for use within domestic installations which are adequately ventilated and is not suitable for installation in wet rooms. As with any timber product, bathroom furniture will be adversely affected if it is subjected to excessive moisture. It is strongly recommended that adequate bathroom extractor fans are installed to prevent heavy condensation and all splashes and spillages must be mopped dry as soon as possible. All exposed or cut surfaces must be sealed with a suitable varnish or silicone sealant to prevent blowing. If this is not done, all warranty claims will be void. In particular, silicone sealant must be used around basin and worktop joints and around all edges of bath panels and plinths. All electrical products should be installed by an approved electrician inline with current wiring regulations.

Products with a brass finish may not match exactly due to variations in the brass alloy composition, differences in finishing techniques, natural aging processes causing patina and the lighting they are compared in. Imagery shown in this brochure are representative only.

Guarantees

All products are guaranteed against defective workmanship or materials. Length of guarantee depends on the product type - please refer to relevant section of the brochure. Guarantees are for domestic use only and are not transferable.

Damaged parts will be replaced with a spare part where possible, complete exchanges will only be made where it is not practical to do so. All dimensions are approximate and are quoted within reasonable tolerances.

Pricing

All prices are quoted inclusive of VAT which will be charged at the rate applicable on the date of despatch. The prices charged will be those ruling at the date of despatch and Tavistock cannot be held responsible for any errors or omissions to products or prices.

Tavistock products are available to view at our selected specialist stockists throughout the UK and Ireland.
